the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 1999).

There is a growing awareness of the need to address the needs of people with mental health problems in the community. The Department of Health (1999) has set out a vision for the future of mental health services, which includes a focus on preventing mental health problems, supporting people with mental health problems in the community, and providing specialist services for people with severe mental health problems. The vision is based on the principles of recovery, which is a process of achieving a meaningful life and a sense of purpose, and of self-help, which is a process of taking control of one's own life and making decisions about one's own care.

Fall Play

"Seven Dreams" was performed as the fall play, Nov. 20 and 21, sponsored by the Genesis Players and the theater class, and directed by Mrs. Corya Channing.

"Seven Dreams" was originally a 1950 recording that Mrs. Channing and Sally Risser, a painter and performance artist, adapted for this stage production. Their objective was to remain true to the original storyline and infuse the production with new energy, said Mrs. Channing.

This play was about a man played by Senior Jay Dobrolecki, who has seven dreams. They were about flying in school, being on a train, being in a graveyard, a fantasy about a cocktail party, an old couple in a pink houseboat, a nightmare, and about the girl of his dreams.

Perhaps the best-kept secret of the year was the September wedding of John F. Kennedy, Jr. and Carolyn Bessette. Only 40 guests were invited to the intimate ceremony on Cumberland Island, Ga., and everyone involved signed an agreement of confidentiality. The couple's return to New York thrust them back in the spotlight, and tabloid reports of marital strain soon followed.

The New York Yankees returned to the ranks of baseball's elite when they defeated the Atlanta Braves in the World Series, four games to two. It was the Yankees' first World Series appearance in 18 years, and the 23rd championship won by the team.

President Bill Clinton was re-elected in November, becoming the first Democrat in more than 50 years to win a second term. Promising to "Build a Bridge to the 21st Century," Clinton won easily, despite turmoil in his staff and charges of improper campaign donations.

TWA Flight 800, en route to Paris from New York, exploded over Long Island in July, killing all 230 passengers on board. While beliefs that the crash was caused by a bomb or missile were widely held, investigators became increasingly convinced that the plane went down because of mechanical failure.

PEOPLE

CLASS OF 1997

The Class of 1997 colors are blue and gold. The class flower is a red rose, and the class motto is "Build for character, not for fame."

Through the years we have had many *Strange Days*. Some we would like to forget, and some we hope to always remember.

As each year passed, we experienced hard times in dealing with the deaths of our fellow classmates, Jerry Kozlica, Joel Shafer, and Tony Klaja. We have also experienced many good times; for example, going to state twice, partying, and T-peeing the school.

We were witnesses to some of society's problems, like domestic violence, when we watched a football legend go on trial for murdering his ex-wife and her acquaintance. We also saw how tragic bombings disrupted the Olympics, as well as the lives of hundreds of Americans in the Oklahoma bombing. But, at the same time, we witnessed the attempts of many countries to put aside their differences in the name of global peace.

As our high school career comes to an end, we would like to wish everyone good luck in the future, and never forget the good times we had as Brickies at Hobart High school.

VOLLEYBALL

Inexperienced team improves with each game

The varsity volleyball team ended its season with a record of 6-11. Coach Carmen Dulhanty said her team was, "a hardworking group of athletes who enjoyed playing the game of volleyball."

The awards given at the awards banquet were as follows: Top offensive player, Heather Rouhselang; top defensive player, Kim Ivan; top server, Sarah Lams; pride-hustle-desire, Katie Carlson. In addition, Katie Carlson made the RRSN All-Academic team and Heather Rouhselang won The Times All-Area Team Honorable Mention. Team captains were Katie Carlson, Kim Ivan, and Heather Rouhselang.

The team's Duneland Conference record was 0-7. At the Hobart Invitational, the girls beat Morgan Township and Rensselaer, but lost to Argos. the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 12.5 million, and the number of people aged 75 and over has increased from 4.5 million to 6.5 million (Office of National Statistics 2000). The number of people aged 65 and over is projected to increase to 15.5 million by 2020, and the number of people aged 75 and over to 8.5 million (Office of National Statistics 2000). The increase in the number of people aged 65 and over is expected to be due to a combination of factors, including a decline in the birth rate, a decline in the death rate, and a decline in the rate of emigration (Office of National Statistics 2000).

The increase in the number of people aged 65 and over is expected to have a significant impact on the UK's health and social care system. The number of people aged 65 and over who are in need of health and social care services is expected to increase from 1.5 million in 1990 to 2.5 million in 2020 (Office of National Statistics 2000). This increase is expected to be due to a combination of factors, including a decline in the birth rate, a decline in the death rate, and a decline in the rate of emigration (Office of National Statistics 2000).

the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1998 (Department of Health 1999). The number of people in the public sector who are employed in health care has increased by 1.2 million, from 1.3 million in 1980 to 2.5 million in 1998 (Department of Health 1999).

There is a growing emphasis on the need to improve the quality of health care, and this has led to a number of initiatives to improve the quality of health care. The Department of Health has set up a number of committees to monitor the quality of health care, and has introduced a number of measures to improve the quality of health care. The National Patient Safety Agency (NPSA) was set up in 1999 to monitor and improve the quality of health care. The NPSA has a number of committees, including the National Patient Safety Council (NPSAC), the National Patient Safety Forum (NPSAF), and the National Patient Safety Institute (NPSAI). The NPSA has also introduced a number of measures to improve the quality of health care, including the introduction of a national patient safety framework, the introduction of a national patient safety audit, and the introduction of a national patient safety training programme.
